Let me take this opportunity to introduce USA Mediate and its Arbitration & Mediation Center of Arizona.

Formed in response to the growing need for an expedited and cost effective process for resolving disputes, we pride ourselves in providing a balance between facilitative and evaluative approaches to mediating cases, coupled with a process, if requested, that permits mediations to be converted to arbitrations, thereby concluding matters promptly and with minimal expense. And, of course, we are available to arbitrate those disputes which are not likely to benefit from the settlement process.

As I'm sure you will agree, in these difficult financial times, the expense of litigation is, for most all potential litigants, cost prohibitive. Although case filings may be increasing, the ability of litigants to underwrite the cost of litigation is contemporaneously decreasing. Our goal is to assist in bridging that gap and providing our services on a prompt basis so as to preclude the additional accrual of costs to the parties oftentimes incurred due to the current unavailability of settlement judges, mediators and arbitrators.

We look forward to working with you and would be pleased to discuss your needs and our services. To that end, please feel free to contact me or my assistant, Laurie Ehlers, at our Scottsdale headquarters. Alternatively, I can be contacted on my cell phone at (480) 205-1012.

Very truly yours,

Frederick E. Davidson
